Press Release

## Milliman adds Ironworkers Local 8 as a retirement services client

Milliman retained to provide defined contribution services to the Union Individual Account Retirement Fund

SEATTLE – January 20, 2020 – Milliman, Inc., one of the premier global consulting, actuarial, and benefits administration firms, today announced it has added the Wisconsin Ironworkers Union Individual Account Retirement Fund as a defined contribution client. The plan includes over 3,300 participants and \$215 million in assets.

"We had a retirement plan that was valued once a month and the Board of Trustees wanted to move it to daily valuation to allow the members of Local 8 to better plan for their retirement, " says Tony Mayrhofer, Business Manager and Trustee. "We selected Milliman for their extensive experience converting plans like ours from balance-forward to daily valuation, with participant-direction, without having to change the unique investment structure that we had in place. Our members are very pleased with the change and can now view their accounts at any time. I couldn't be happier with the program that we now have in place."

Milliman will provide recordkeeping, communications and ERISA consulting services for the plan.

"We are grateful the Board of Trustees chose Milliman for their retirement needs," says Gerald Erickson, principal and DC Taft-Hartley practice leader at Milliman. "The trustees and staff at Local 8 are great to work with and it really was a nice collaborative effort with the other fund professionals in making the transition successful."
